

INVISALIGN

At our office, we offer an easy, affordable, comfortable way to straighten your teeth. We truly believe in this product and have seen incredible results!

Invisalign offers comfortable clear aligners that are easily removable, and easy to clean. At your initial appointment, we take 2 impressions with pictures of your teeth, and send them to Invisalign. Invisalign will then take your models and produce what is called a Clin Check Video. This video is designed so you can see what your teeth look like now, and what they will look like at the conclusion of your case.

At your delivery appointment, we view your clin check together.

VIVERA RETAINERS

We also offer Vivera Retainers for an additional cost of \$300.00. Vivera is a great way to keep your teeth in the proper retention that they need for a longer period of time. Usually with braces you only get one set of retainers. With the Vivera Program, you receive 4 sets of retainers. The first set is delivered to you in our office and then the next 3 sets are delivered directly to your home. Not only cost effective, but very convenient as well!

Invisalign will give you a cosmetically improved smile, but most importantly, a healthy smile!
